

## **Guide Bio's**

### **Cody Plank – Hunt Manager**

Cody was promoted to hunt manager in 2006. He has a tremendous knowledge of the ranch property and the game on the ranch. He hunted as very young man in Tehachapi, an area that is adjacent to Tejon Ranch. He has a proven ability to successfully guide hunters on a variety of hunts including wild pigs, buck deer, elk, antelope, bear, and wild turkeys. Cody continues to be one of our most requested guides because you can always count on Cody for a successful hunt and enjoyable time.

### **Steven Ryan**

Don't let his youthful appearance fool you. Steven grew up on the ranch and whether you're looking for deer, black bear or pigs he knows all the best places on the ranch to find game. In camp or in the truck Steven is loads of fun but when it comes to hunting...well let's just say he is an accomplished hunter and he gets the job done. He is enthusiastic and will probably be as excited as you are after the kill.

### **Darrell Francis**

Darrell has worked for the ranch more than 20 years. His first hunt on the ranch was in 1948. Do the math and you will see that he is the oldest guide but you have trouble keeping up with him. He definitely knows the ranch and how to hunt it. Darrell usually prepares the evening meals for most of our guided hunts. Every hunt is memorable when he is in the kitchen cooking dinner and telling stories of past hunts with the enthusiasm of a ten-year-old.... and the steaks and tri-tips are always delicious.

### **Bron Sanders**

Bron has been with us for a few years now. He perfected his hunting skills on a ranch in Colorado and loves what he is doing. He has a proven success rate with pigs, deer and turkey. Bron has also become a real asset when it comes to hunting elk and antelope. But his new passion is wild turkey hunting. Bron takes his hunting seriously and works extremely hard to make your hunt successful and rewarding.

### **Bryan Meadows**

Bryan is the newest guide to Tejon Ranch joining the team in 2008. His energetic spirit will entuse any hunter to harvest their choice of game. Bryan enjoys stocking wild boars, sighting bucks, spotting elk, and tracking large black bear. With over 20 years of hunting experience under his belt, you are sure to harvest your animal as Bryan has successfully guided all of his hunters. Did we mention he can cook? Bryan is infamous for his rib eye steaks cooked to perfection and his scrumptious pesto mashed potatoes. He is also an experienced butcher. Overall Bryan can ensure your hunting experience is memorable.
